

## **By Service Method – Solutions by Service**

---

### **1. Equipment Leasing**

- Short-term or long-term leasing, ideal for companies that prefer not to increase fixed asset investment, or for temporary destruction needs and project-based use.
- Includes installation, commissioning, training, and after-sales maintenance.
- **Case Studies:** General Electric (GE), Bureau Veritas, Pfizer, Zoetis Animal Health, Shanghai Telecom.

### **2. On-Site / Off-Site Destruction Service**

- **On-Site:** Mobile shredding vehicles operate directly at the client's location, with destruction fully visible.
- **Off-Site:** Clients deliver materials to a certified destruction center for centralized secure processing.
- Optional add-ons: full video recording, third-party supervision, compliance certificates.
- **Case Studies:** Government Agencies, Guangzhou Urban Investment Group, Consulate-General of Singapore in Shanghai, British Consulate-General.

### **3. Purchase via Authorized Reseller**

- Procurement through local authorized resellers, convenient for overseas customers.
- Local support for installation, training, and after-sales service.

### **4. Financing & Installment Purchase**

- Large equipment can be purchased via financing lease or installment plans.
- Suitable for clients with cash flow pressure.

### **5. Customized Turnkey Solutions**

- Full-process delivery: solution design → equipment manufacturing → installation & commissioning → training → after-sales.
- Commonly applied for central banks, military, and multinational corporations.

### **6. Trial & Pilot Programs**

- Provide demo units or short-term trial machines to help clients validate results before making purchase decisions.

## **7. Maintenance & Support Contracts**

- Regular on-site inspection, remote monitoring, and fast-response repair services.
- Extended warranty optional.

## **8. Trade-in & Upgrade Service**

- Clients can trade in old equipment for credit toward upgraded models.
- Reduces customer cost and facilitates equipment renewal.

## **9. Outsourced Operation**

- YUEDU or its partners provide staff to operate and manage equipment on behalf of the client.
- Customers only pay service fees without extra staffing costs.

## **10. Global Logistics & Customs Support**

- For international customers, we provide end-to-end logistics solutions: shipping, insurance, customs clearance, and installation.
  - Customers place an order, and we deliver directly to their site worldwide.
